Northern Border University

CIE Solutions Project Examples

Campaign through website or social media

Local hands-on solutions in Arar

Organize a community conversation

Design a community program

Design low cost, simple technology or process that solves a problem

Sample Oral Presentation Guidelines

- Have a clear main point.
- Use supporting materials to develop and substantiate that main point.
- Organize your presentation clearly and transition from each point to the next.
- Use clear and professional language and explain supporting materials.
- Practice your delivery. Use only a few gestures, smile, breathe. Speak slowly. Have fun.
